Please take note of change in date of examination for Higher Mother Tongue Paper 2.

2. Examination Components and Topics

Attached are the examination components and topics which will be tested for the various subjects. Pupils' books and files will be returned to them for revision.

3. Absence during Examinations

We would like to remind all parents that should any pupil absent himself or herself from school during an examination, a valid medical certificate is required. There will be no retaking of the examination. However, with a valid medical certificate, a 'VR' (Valid Reason) will be reflected in the pupil's result slip. Otherwise, the pupil will be awarded a 'zero' for that paper. For papers where there are multiple components, marks will only be taken into consideration and adjusted accordingly if the pupil has sat for at least 55% of the examination. We would also like to stress that any pupil, if feeling unwell, should rest at home after seeing the doctor instead of coming to school to sit for the examination. We would like to teach our pupils social responsibility.

4. Things to bring for Examinations

The following is a table to guide your child in packing the things that he/she needs for the examination. The school will not be providing any stationery/mathematical sets/calculators and dictionaries during the examinations.

Paper	Things to Pack
Written Papers	Pupils are to have minimum of 3 blue pens, 2 2B pencils, 1 ruler and 1 eraser. Highlighters and mechanical pencils are good to have.
