More details will be given to the pupils nearer to the date.

2. Examination Components and Scope

Attached are the examination Components and Scope which will be tested for the various subjects. Pupils' books and files will be returned to them before the examination.

3. Absence during Examinations

We would like to remind all parents that should any pupil absent himself or herself from school during an examination, a valid medical certificate is required. There will be **no** retaking of the examination. However, with a valid medical certificate, a 'VR' (Valid Reason) will be reflected in the pupil's result slip. Otherwise, the pupil will be awarded a 'zero' for that paper. For papers where there are multiple components, marks will only be taken into consideration and adjusted accordingly if the pupil has sat for at least 55% of the examination. We would also like to stress that any pupil, if feeling unwell, should rest at home after seeing the doctor instead of coming to school to sit for the examination. We would like to teach our pupils the importance of social responsibility.

4. Things to bring for Examinations

The following is a table to guide your child in packing the necessary items that he/she may need for the examination. The school will not be providing any stationery/mathematical sets/calculators and dictionaries during the examinations.

Paper	Things to Pack
